Paid for Board of Health	35 65
Dependent soldiers	57 75
Cash in treasury Feb. 15, 1914	702 67
	<u>\$25,756 27</u>

The Incidental amount is larger than usual this year by reason of the placing in that column of over \$900.00 as the amount paid the Tax Collector for Abatements, Rebates, and Discounts for early payment of taxes, and for the Land Sales, bid in by town.

This enabled the collector to show payments to Treasurer of entire amount committed to him for collection account 1912 tax with interest charges added, and was done merely as a matter of bookkeeping which would enable the voters to see in the report the exact figures of the entire tax for 1912. Owing to lack of ruled space in Expense Book the Incidental account also carried the forest fire bills \$388.55, part of which is owed the town by Boston and Maine railroad and the Gordon Pond railroad, and \$145.47 of which is still due the town from the state.

If amounts of tax adjustments and forest fires is deducted from the Incidental charges, the total of that column would be \$795.28.

DEMANDS AGAINST THE TOWN YEAR ENDING FEB. 15, 1914

Water bonds	\$9,000 00
Interest on same	75 00
Electric light bonds	7,500 00
Interest on same	98 44

---------------------	------------

Money to be Raised by Law for the Year 1914,
Requiring No Vote of Town

State Tax	\$1,392 00
County Tax	1,091 30
School Money	2,835 00
Elec. Lt. Bonds and Int.	1,337 50
Water Bond Sinking Fund	1,250 00
Permanent Highway Imp.	750 00
Local Fund	35 00
Library	100 00
Demeritt Fund	4 00
Vincent Fund	1 21
	<hr/>
	\$8,796 01

As a matter of justice to the town it should be stated for information of the voters and out of town people who read this report that the town debt as reported does not indicate the real condition of the town as compared with other towns having a similar cash debt but without valuable public improvements.

If the Water System, Electric Light Plant property, and the fine High School building were taken into consideration, Woodstock would have a credit balance of over \$25,000 over the cash debt.

The selectmen report the following town property on hand:

Derrick and road tools	\$200 00
Road roll and machine	75 00
Penstock supplies, cost	489 87
Sewer pipe, fuse, etc.	36 00
	<hr/>
	\$800 87

Respectfully submitted,

J. C. MUCHMORE	} Selectmen of Woodstock
H. S. BROWN	
H. D. SAWYER	

Having examined the foregoing account we find it correctly cast and properly vouched and account agrees with Treasurer's.

A. W. SAWYER	}	Auditors
D. B. BASTON		

We, the Commissioners of the Woodstock Water System, hereby submit our annual report and we solicit the careful inspection of the same.

To relieve the water famine during the drought of August, 1913, we found it necessary to clean the reservoir, repair dam and well, and clean out the inlets to the reservoir.

During the year 1913, the water system has been extended to Harry Oakes and James Smith on Paradise Road, and Gilbert Gordon on Pondfield Road.

Although considerable expense has been incurred in extending this latter, it must be considered that Mr. Gordon dug and covered his own ditch, free of charge.

The first cost of these extensions may seem heavy, but they will prove a good investment for the town, for already the rents more than pay the interest on the money invested.

F. W. SMITH	} Water Commissioners
B. L. PEASLEY	
H. C. CLARK	

MOOSILAUKE FREE PUBLIC LIBRARY

During the year ending Feb. 15, 1914, two thousand seven hundred and ten books have been loaned to three hundred and eighteen patrons. The number of books has been increased by the addition of one hundred and sixteen beside the State Reports and Laws given by the state. One hundred and ten were purchased and six given. It will be noticed that the patrons of the Library are not as many as in the past few years and the number of books loaned is not as large. This is due mainly to the "modern" idea of the merchants keeping books for sale and exchanging them for five cents. Many of the summer guests took advantage of this "modern" convenience and our receipts fell short a few dollars from what they have been.

Amount received in loans and fines	\$15 30
Paid for mending material	\$1 60
Paid for express on State Reports	45
Total amount paid to Selectmen	13 25

W. L. E. HUNT, Librarian

SCHOOL BOARD

TOWN OF WOODSTOCK, N. H.

In submitting to you our annual report we wish to extend our thanks to the citizens for their courtesy and to the parents for the interest they have manifested in the school work.

This is noticeable both in the number who have visited the schools and in the increased average attendance.

This is surely a stride in the right direction.

The schools at the Center were closed one week in November on account of a scarlet fever epidemic which raged among the children.

The teachers came to us with either Normal training or experience, and we feel that all have worked for progress. A vacancy at the Center at the close of the fall term was filled by an experienced teacher with Normal training.

It was thought best to discontinue the school at Lost River, and the board secured W. A. Smith to transport the pupils to North Woodstock thereby saving about one half the cost of maintaining a school.

The high school is doing excellent work. Another typewriter has been purchased and other equipment for doing more efficient work in the commercial department. We urge the parents to visit the high school. It is your privilege and also your duty that you may better judge of the work done.

Last year the law required that \$3,099.00 be raised, and at the annual school meeting it was voted to raise \$3,100.00 for school work. This year you are not asked for quite so large a sum, but we hope the amount will not be lessened, that the incoming board may have funds at their command to do efficient work in the coming year.

At the present time there are five tuition pupils in high school, one at the Center and seven at the Tannery.

Respectfully submitted,

M. E. BAGLEY
E. W. PUTNAM
J. H. FADDEN
